DEVOE'S best refined KEROSINE-OIL for SALE at moderate rates.

COMMERCIAL INTELLIGENCE

THURSDAY EVENING, MAY 18.

As our active shipping season draws nearer, a close money seems rapidly to be getting more plentiful. At the weekly meeting of the Directors of the Bank of Bombay yesterday afternoon, the rates for loans and discounts were reduced one per cent. all round. The rate of discounts on Government Bills and Loans on Government Paper, Bullion, &c., now stands at 7 per cent.

The Council drafts allotted yesterday afternoon in London went at the same rate as last week 1s. 8 1-16d., but only Rs. 10,10,000 were taken for Calcutta, and only 7 lakhs for Bombay. The Government have again reduced the amount to be drawn, and next week only £250,000 is offered. The general commercial advices from home during the week have not noted much alteration in anything. Consols have fluctuated between £102 to £102-2-6, 3½ per cent. Indian Sterling Loan has been steady at £102, and Enfaced Paper, 4 per cent., has been quoted from £84-17-6 to £85, at which it closes. Bar Silver seems to have been weak, and the last quotation given is 52½d. Seeds and Wheat have been fairly steady at home during the week without much activity. Cotton for the first few days there were very large sales reported in Liverpool, official quotations were not altered, but futures in America advanced considerable. This led to a good business here at the full closing rates for last mail on even a little higher, but as the last two days bring quiter accounts, the demand has fallen off, and rates have rather gone back again. Shipments still go forward pretty freely, and will probably continue to do so for a fortnight or so more, when however we expect to see a sharp falling off. Imports have been quiet. It is said that the native merchants have been restricting their purchases owing to the eclipse, and as this is now passed, we hope with cheaper money to have a little more briskness in the demand before the rains set in. In Copper, owing to the advance at home, European buyers have again been operating here, and this has given quite a spurt to prices. The Share market has been active and strong, and Mill shares especially have been in good demand all week at improving prices. Government Paper, however, went for a time considerably lower, owing mainly to unfavourable accounts of it from the Calcutta market, but at last since recovered itself, and closes strong at Rs. 101 13-16 for Fours.

Freights have been very quiet during the week, and 31s. 3d. is about the rate via Canal to Liverpool. The arrivals of Seeds, but especially Wheat, are much less than was generally anticipated, and that is having a very depressing effect on the demand for tonnage.

COTTON.—The low comparative prices of Surat Cottons are undoubtedly having the effect of stimulating the consumption in Europe, and it is no doubt also helped by the general good quality of the Cotton shipped this season. This is the most satisfactory part of the advices from home as far as India is concerned, and the sales in Liverpool lately have been at the rate of 2,000 and sometimes 2,500 bales per day. On Friday, Saturday, and Monday, we had a very firm market here at rather hardening prices. Good selections especially were in considerable enquiry and commanded full rates, but the lower grades were not sensibly effected. Good Dholleras were done at Rs. 191 to Rs. 192, Fully Good at Rs. 194 to Rs. 196, Bhownuggurs commanded as usual a shade better rates, and one lot of Good Bhownuggur up country pressed was sold at Rs. 195, but this was quite exceptional. Broach Good with a home guarantee was also placed in several instances at Rs. 230.

On Tuesday and Wednesday the market was much quieter again. Business was done yesterday at Rs. 2 under these rates, but the decline could not be called general, as it was too much of a holiday for prices to be fairly tested.

To-day's advices from Liverpool report a dull market yesterday, and American futures down to 12·44.

Quotations of the day are :—

Broach, Good	Rs.	226 to 229
Oomrawuttee, Good	,,	197
Do. F.G.F.	,,	190
Do. G.F.	,,	182
Akote, Best	,,	205
Bhownuggur, Good	,,	192
Do. F.G.F.	,,	184
Do. G.F.	,,	177
Dholleras, Good	,,	191 to 192
Do. F.G.F.	,,	183
Do. G.F.	,,	176
Do. Fine	,,	204 to 206

Our weekly statistical statement is as follows :—

	1882-81.	1880-81.
Receipts from 10th to 16th May ..	67,654	47,534
Do. do. 1st Jan. to do.	12,07,442	7,74,192
Shipments from 11th to 17th May ..	72,818	52,499
Do. do. 1st Jan. to do.	9,95,855	5,30,880
Cotton afloat in harbour	52,441	44,954

This afternoon the market is quiet. Sales are reported of Ready lots of Good Dholleras at Rs. 190, and Fully Good at Rs. 194, but forward contracts are about Rs. 2 higher than this, and there has been one contract for June delivery made for Good Dholleras at Rs. 193.

SEEDS and WHEAT still continue very firm in prices to an extent that is not quite justified by the advices from the consuming markets. A good deal however of steam tonnage has been chartered, and merchants require to buy to fulfill their engagements. With Wheat also especially the dealers have in many cases sold more to arrive at a low price than they can deliver. Consequently there has been a good deal of re-buying against such contracts, and as the new Wheat only comes forward in moderate quantities, holders insist on full prices.

Linseed is steady at Rs. 5-6.

Rapeseed strong at Rs. 5-15 for Yellow Guzerat.

Gingelly strong at Rs. 30 to Rs. 36, according to quality.

WHEAT we quote :—No. 1 Soft White Rs. 33 to Rs. 34, No. 2 Rs. 31 to Rs. 31½, Hard Red Rs. 25 to Rs. 25½, and Khundwa Rs. 31.

The movements of Wheat and Linseed to date are as follows :—

Wheat.

	1882-81. Cwts.	1880-81. Cwts.
Receipts from 10 to 16th May	1,32,640	2,92,388
Do. 1st Jan. to 16th May	33,16,942	29,56,969
Shipments from 11th to 17th May	2,36,314	2,27,118
Do. 1st Jan. to 17th May	45,13,760	23,10,644

Linseed.

	1882-81. Cwts.	1880-81. Cwts.
Receipts from 10th to 16th May	59,435	87,198
Do. from 1st Jan. to 16th May	16,92,538	15,03,230
Shipments from 11th to 17th May	79,445	46,059
Do. from 1st Jan. to 17th May	16,29,255	11,56,206

In the bazaar during the week there has not been very much activity in the demand for Piece-Goods. Still, with light supplies arriving, no doubt, dealers stocks are working lower money also gets more plaintiful, and it is to be hoped that we will have a rather more lively demand now before the rains set in. The Manchester market seems moderately firm, so that we are not likely to see heavy shipments again, until some change comes over things, either there or in the East. Yarns are steady, but we cannot quote them higher.

COALS.—The market for these is not altered, since we wrote, to any material extent. A few sales have been made to arrive at our quotations, which are as follows :—

Davison's West Hartley	Rs. 14-4 to Rs. 14-8	alongside.
Welsh Hartley	,, 13-4 to ,, 13-12	do.
Cardiff	,, 15-0 to ,, 15-4	do.

COPPER.—The home quotations have advanced very materially during the week, and this has not been without its effect on our market here. During the past few days there have been ready buyers in the market both Native and European, and both spot and arrival rates have consequently improved. We now quote as follows, say :—

	Rs. a.	Rs. a.		Rs. a.	Rs. a.
Braziers, Copper, spot	47 8 to 47 12.		Arrivals	46 8 to 46 12	
Do Yellow Metal	37 0 to 37 4.		Do.	36 0 to 36 4	
Wallaroo, spot	42 8		Do.	42 0	

Spelter is in fair demand at from Rs. 7-4 to Rs. 7-8.

STOCKS AND SHARES.

GOVERNMENT PAPER was very weak for the first two days after the mail left, and 4 per cents. declined to Rs. 101 9-16. We have since been stronger however, and we close firm at Rs. 101¾ to 13-16. Four-and-a-half per cents. have been little dealt in, but we now quote them steady at Rs. 108½.

The Share market. We note no great change in the quotations of Bank, Land, Press, or Miscellaneous shares. With easier money they are all firm, but have not materially altered in value in any case.

Spinning Mill shares, however, have been very active, and prices are in may cases Rs. 10 to Rs. 30 per share higher. It is not only easier money in their case that has led to the improvement, but large clearances have been made of stocks of Yarns during the past ten days, brought about by more favourable advices from China and Japan. This has led investors to take a more favourable view of this industry, and we think it very likely that when the native Share Bazaar is fairly open again we may see still further improvement. It has been closed, however, since the 16th for part of the time on account of the eclipse, and for the other part out of respect to the memory of the late Mr. Ardaseer Hormasjee Wadia.

EXCHANGE has been very steady all week, with almost no change whatever in quotations. Not much business has been done, and the new bills offering are not numerous. To-day we close a shade lower and quote, viz.—

	Tel. Demand.	3 months'.	4 months'.
Bank	1s. 8 1-16d.	1s. 8¼d.	1s. 8 9-32d.
	2 months'	6 months'	
Credits	1s. 8¼d.	1s. 8 17-32d.	
Documents	1s. 8 13-32d.	1s. 8 9-16d.	
Francs on Paris	2 14⅜.	2 16⅛.	

This afternoon we hear by wire that the Bank of Bengal has also reduced its rate of discount one per cent all round.

Government Paper is also to-day quoted from Calcutta Fours 101¾, Fours-and-a-half 108¾, Exon England for 4 months' Bank Bills 1s. 8¼d.

BOMBAY VOLUNTEER RIFLE CORPS.

REGIMENTAL ORDERS

By Lt.-Col. Comdt. W. S. HEWETT, B. V. R. C.

Bombay, May 19.

In accordance with District Order No. 761, dated 17th inst., the Regiment will parade at the Oval at 6 a.m. (Madras time) on Wednesday, the 24th inst., to celebrate Her Most Gracious Majesty the Queen-Empress' Birthday, Fall in at 5-30 a.m. (Madras time). White uniform with arms, accoutrements, and helmets to be worn. All members are requested to be sure and attend this parade. Members who have returned their arms and accoutrements into store are requested to draw them again. Arrangements have been made to run special tram cars for Volunteers attending the parade as follows:—To start from Girgaum, Byculla, and Grant Road at 5 a. m. (Madras time), and from Sassoon Dock at 5-15 a. m. (Madras time). Three rounds of blank ammunition will be issued per man and all ball ammunition to be removed from the pouches before coming on parade.

By order,
A. W. PROUDFOOT,
Capt. and Adjt., B. V. R. C.

BOMBAY GOVERNMENT ORDERS.

(*Bombay Government Gazette*, May 18.)

LEGISLATIVE DEPARTMENT.

Rao Bahadur Ganpatrao Bhaskar assumed charge of the office of Third Judge of the Bombay Court of Small Causes on the 12th instant.

Mr. Hormasji Dadabhoy assumed charge of the office of the

TELEGRAMS.

THE TREATMENT OF THE MANOOK FAMILY IN BURMAH.

(FROM OUR OWN CORRESPONDENT.)

RANGOON, MAY 18.

The *Rangoon Gazette* says the Manook family have been scattered over different places in Upper Burmah. Mr. Manook and his sister have been sent to Shoaybo, two unmarried daughters to Pyintsalahmyo, and a son and son-in-law to Magoung, a fever-stricken spot. The whereabouts of Mrs. Manook and a married daughter cannot be ascertained, and there appears to be but little doubt that the intelligence previously received of the death of the former was correct.

RETIREMENT RULES.

(FROM OUR OWN CORRESPONDENT.)

CALCUTTA, MAY 18.

The *Englishman* asserts that the Secretary of State for India has decided to extend to commandants and squadron and wing commanders of the regiments to be retained on the strength of the Indian Army the special retirement conditions offered to the officers of the reduced regiments, so far as they may not be availed of by the latter officers; and has also given his sanction to officers of the Marines volunteering for the Staff Corps under the terms promulgated by the Horse Guards.

SIR SALAR JUNG.

(FROM OUR OWN CORRESPONDENT.)

SIMLA, MAY 18.

Sir Salar Jung arrives to-morrow on a visit, solely as a compliment to the Viceroy, and for no State business. Sir Salar Jung also wishes to take the opportunity of visiting Simla on account of Sir Steuart Bayley's presence here. Sir Salar will probably remain one week.

THE BURMESE EMBASSY.

The business of the Burmese Embassy progresses very slowly. The second meeting with Messrs. Grant and Fitzpatrick takes place to-morrow.

THE JHANSI ENCUMBERED ESTATES BILL.

The first meeting of the legislative session was held at eleven o'clock this morning. There were present Messrs. Aitchison, Hope, Plowden, Bayley, Ilbert, Wilson, Hunter, the Commander-in-Chief, and Mr. Crosthwaite. Mr. Crosthwaite presented the report of the committee on the Jhansi Encumbered Estates Bill, for passing which the ordinary rules of business were suspended. Mr. Crosthwaite gave an interesting account of the history of the Bill. Prior to the creation of a zemindar class, shortly before the Mutiny, the Jhansi ryots borrowed at rates exorbitant even in proportion to the weakness of their security, which rates, however, were continued after the establishment of their proprietary rights. The ryots, who were unfitted, by habit or education, for their new position, improvidently availed themselves to the outmost of the new facilities for borrowing; the money lenders also were only too ready to encourage them. The double levy of revenue, first by the mutineers and subsequently by Government, increased the proprietors' hardships, which were also aggravated by the famine of 1869, and the rigid system of collection of the State demand. The remedy proposed was as follows:—The Government to advance a loan repayable in ten years, with interest at five per cent., when the landlord's debts do not exceed six years' annual profits. If his debts exceed this amount the estate to be bought by Government for ten times the annual net profit, if there be no higher bidder. The amount of his indebtedness to be settled by specially appointed officers with full powers to reduce the exorbitant demands and to otherwise fix amounts equitably. His Excellency the President, also Mr. Crosthwaite and Mr. Plowden, greatly regretted the delay that had occurred in passing the Bill, which had already been under discussion for so many years, and Mr. Crosthwaite pointed out that the Marwarees, anticipating legislation, were eagerly foreclosing mortgages. After a most interesting discussion of half an hour, in which the President and Messrs. Crosthwaite and Plowden only took part, the Bill was passed.

The Council then adjourned for a fortnight.

[REUTER'S TELEGRAMS.]

(By Red Sea Cable.)

MR. G. O. TREVELYAN.

LONDON, MAY 18.

Mr. G. O. Trevelyan, the recently appointed Chief Secretary of Ireland, has been re-elected member of Parliament for Hawick, unopposed.

THE EGYPTIAN CRISIS.

It is understood that the foreign Consuls in Egypt have been instructed to demand the disbandment of the Egyptian army, and the banishment of all rebellious officers.

It is reported that the Turkish ironclad squadron has been ordered to Egypt.

THE DUBLIN ASSASSINATION.

The New York police are searching all the passenger line steamers arriving in that port from Europe, with the object of discovering the Dublin assassins.

THERMOMETER READINGS.

(Madras time.)

WEDNESDAY, NIGHT, MAY 17. TUESDAY, MAY 18.

At 10 p.m.	81·7
„ 6 a.m.	79·9
„ 10 a.m.	86·5
„ 2 p.m.	88·1
„ 4 p.m.	86·7

MESSRS. SIGG-SULZER & Co. have favoured us with the following information:—"Our Colombo house telegraphs, 18th, 10-14 a. m.—Monsoon burst; rain plentiful." We have received confirmation of this report from another source.

AMONGST the list of passengers to leave by the s. s. Khiva to-day we notice the names of Colonel Waterfield, Colonel Hancock, Mr. Newnham, late Sessions Judge at Poona, and Dr. Hojel.

COLONEL J. BONUS, R.E., is appointed to act as Consulting Engineer for Railways, and Joint Secretary to Government, Public Works Department, Railway, during the absence of Colonel Hancock. Colonel Bonus was formerly Engineer-in-charge of the Punjab Northern State Railway, Lahore, but has been absent from India during the last two years on furlough.

INTIMATION has been received in Bombay that Mr. John Scott, appointed to act as a judge of the High Court, will not arrive here until after the rains. In that case, it is believed, Mr. Justice Latham and Mr. Lang will continue to act as a judge of the High Court and as Advocate-General respectively.

THE death of Mr. Ardasir Hormarjee, of Lowjee Castle," seems to have caused much regret over India. His son Mr. H A. Hormarjee received yesterday several telegrams, amongst which was one from Mr. Ardasir's old friend, the Hon'ble Mr. Gibbs, and one from Mr. Ashburner. Young Mr. Hormarjee and his mother had the satisfaction of receiving the following telegram from His Excellency the Governor:—"Accept for yourself and family my sincere condolence on the death of your respected father, for whom I entertained a cordial friendship."

BOMBAY continues unusually free from cholera. There were no deaths from this disease registered during the week ended on Tuesday last, and only one during the previous week, though the average number of cholera deaths in Bombay for the last five years in the week corresponding with that which ended this year on the 16th May has been 20. The disease continues to cause numerous deaths in the Satara and Belgaum collectorates, and is prevalent to a less extent in Poona and Rajkot districts. The Collector of Satara reports that during the week ended on the 13th inst. there were 425 cases and 181 deaths; in Belgaum there were 107 deaths; in Poona 7 deaths; and in Rajkot 2 deaths.

A PAPER is to be read at the next meeting of the Asiatic Society (Bombay Branch), "on the Buddhist relics found at Sopara." The next meeting is announced for the 25th inst.

THE second annual meeting of shareholders of the Kaiser-i-Hind Gold Mining Company was held yesterday at the offices of Messrs. C. H. B. Forbes and Co., secretaries and treasurers, Major C. H. Strutt presiding. After some discussion as to the inadvisability of proceeding further with the mining operations, in view of the uncertainty that existed regarding the gold-bearing properties of the quartz found on the company's Colar estate, the report of the directors for the period ending 31st March, 1882, together with the audited accounts made up to 31st December, 1881, was adopted *nem con.* Mr. John Macfarlane proposed that a committee of shareholders be formed to proceed to the company's works at Colar to make such investigation as may be found necessary and to take such steps as they may deem proper for the purpose of ascertaining the quality of the quartz as it is found on the estate; and that should the report of such committee be unfavourable, all expensive operations should be forthwith suspended. The proposition was, however, withdrawn at a subsequent stage of the proceedings; and Mr. Macfarlane consented to join the board of directors, with the view of concerting measures with them to obtain a reliable test of the gold-bearing quality of the quartz found on the company's property, the directors being empowered, if they should think fit, to appoint a committee to inspect the company's property and report on its present prospects, the committee's report, in the event of its being unfavourable, to be at once submitted to a general meeting. Several formal propositions for the appointment of directors, chairman, and auditors, were then passed unanimously.

A PESHAWAR correspondent telegraphs to the *Englishman*, May 14:—"A most unfortunate case of accidental death took place here yesterday. A lad, a member of the band of the Cheshire Regiment, after tatoo had occasion to enter the band-master's compound. The servants alarmed at his appearance, gave chase, causing the lad to take to his heels, and in running he had to pass a native sentry, who challenged him. No reply being given, the sentry stabbed the lad with his bayonet, causing almost instantaneous death. The funeral takes place to-day."

A CORRESPONDENT writes to the Allahabad paper to call attention to the omission of any mention of followers in the orders relating to the disbandment of native regiments. In many instances these men may be serving at long distances from their homes, and as all of them cannot accompany their troops or companies on transfer, they will probably undergo much hardship and pecuniary loss.

THE estimated probable crop of Indian tea this year is 51,619,000 lbs. The local consumption, including the requirements of Government, may be taken at 1½ millions of lbs., and if, as is hoped, the shipments to Australia and America should amount to 2 millions, there will remain from the probable crop of 1882 about 48 millions of lbs. for export to the United Kingdom.

THE *Englishman* of May 16 states:—We understand that a European tea-planter of Assam is to be brought to trial to-morrow at Ranchi, the Sudder Station of Lohardugga, before the Deputy Commissioner, on a charge of kidnapping a woman to work as a cooly in a tea-garden. Legal assistance has been sent from Calcutta by the Tea Association to conduct the case for the defence.

THE Government of British Burmah is endeavouring to induce planters to take up land in the hills of the Tavoy district for the cultivation of coffee, tea, cinchona, or spices. The lands offered, which range in altitude from 100 to 6,800 feet above the sea, are at present covered with forest, bamboos, or grass. Communication with Rangoon and Moulmein is supplied by the river Tavoy, along which steamers run weekly, most of the lands advertised being within 30 to 50 miles of the station of Thayetchoung. The principal terms of the special concessions are that the settler obtains the land free of all charge for ten years, at the end of which time he has to pay a small rent up to the year A. D. 1900, when it will be assessed at the same rates as the gardens in the neighbourhood. On the other hand, these conditions are subject to the proviso that the planter must make due progress with his clearing, it being stated that he must have brought a third of his land under cultivation in the twelve years from the date of the grant, with other conditions which need not be specified. It is to be hoped that this offer will be successful in attracting European capital and intelligence to this promising, but as yet undeveloped, region.

IT would be well, the *Pioneer* remarks, if every officer on the Active List in both the British and Indian services made a point of ascertaining the correctness of all stated regarding them, and, specially with reference to the "date of birth," in the new Quarterly Official Army List, exception having been taken in one or two instances regarding its correctness. It has also come to notice that the war services of a great number of officers of the Indian services are not entered at all, whilst in others only a portion of the same appear. The War Office authorities state that "this Army List is published in accordance with the provisions of the Army Discipline and Regulation Acts, 1879, Section D, and is under those Acts, *evidence of the status and rank of the officers* therein mentioned:" consequently it is to the interest of all officers that the statements made therein should be correct. The authorities further state that "the book having only recently been issued, it is probable that some typographical errors may have occurred, and it is requested that should any be discovered, they may at once be pointed out *in writing* to the Under-Secretary of State."

A CORRESPONDENT writes to the Allahabad paper to call attention to the omission of any mention of followers in the orders relating to the disbandment of native regiments. In many instances these men may be serving at long distances from their homes, and as all of them cannot accompany their troops or companies on transfer, they will probably undergo much hardship and pecuniary loss.

THE estimated probable crop of Indian tea this year is 51,619,000 lbs. The local consumption, including the requirements of Government, may be taken at 1½ millions of lbs., and if, as is hoped, the shipments to Australia and America should amount to 2 millions, there will remain from the probable crop of 1882 about 48 millions of lbs. for export to the United Kingdom.

THE *Englishman* of May 16 states:—We understand that a European tea-planter of Assam is to be brought to trial to-morrow at Ranchi, the Sudder Station of Lohardugga, before the Deputy Commissioner, on a charge of kidnapping a woman to work as a cooly in a tea-garden. Legal assistance has been sent from Calcutta by the Tea Association to conduct the case for the defence.

A CONTEMPORARY'S home correspondent writes:—"The thirst for gold has made dupes in all ages, but no one could have thought that the pretended discovery of the philosopher's stone by a cute Yankee would impose upon gentlemen of birth, breeding, and knowledge of the world. And yet there is no better blood in Europe than flows in the veins of the Princes of Rohan, while the Count de Sparre is also a well-born nobleman. Both have suffered themselves to be thoroughly duped by an American adventurer named Wise, who persuaded them that he had discovered the philosopher's stone of the middle ages, and would show the two gentlemen how to make gold as easy as kiss-hand. The Yankee alchemist was, however, discovered to be an impostor, and has been just brought by his noble friends before the Eleventh Correctional Chamber of Paris on a charge of fraud and swindling. The trial was in default of personal appearance, for the alchemist was clever enough to get back to America with the money he extorted from his dupes, and it was in *absentia* that he was sentenced to two years' imprisonment and a fine of fifty francs. Wise will laugh heartily at this platonic sentence, and his noble prosecutors appear to me to have been very ill-advised in appearing to give evidence of their own silliness and credulity."

AT the usual monthly meeting of the Meteorological Society, London, on April 19, Miss E. I. Pogson was duly elected a Fellow of the Society. Miss Pogson is Assistant Astronomer to the Government of Madras.

ON the subject of "agricultural decline" in England, a correspondent writes from a "home county" to *The Times*:—"There are in our immediate neighbourhood 23 farms of various sizes, from 50 acres to 500, which have not 22 sheep on the whole of them. You know the class of soils and whether they require sheep for successful cultivation." It is a sheep district of loamy land, good for wheat as well as turnips, and has been farmed for generations on very nearly the four-course shift, with flocks folded on roots and clovers as a distinguishing feature in the management. But sheep no longer exist in the number requisite for the appropriate husbandry. Not because another system has been adopted; for the absence of sheep has not been compensated for by any material addition to the head of cattle, and it is quite impossible that the farmer can have profitably exchanged breeding and grazing for the cultivation of corn. The explanation of the case is that the remnant of live stock represents the wasted condition of the capital left to the tenants. At a time when all business considerations press for an increase of meat production in preference to an extension of corn cropping, those farmers are compelled to curtail and almost relinquish the breeding or fattening of animals, notwithstanding that sheep are selling for 1s. per pound in their wool. The questions arise, to what extent is this prostration of husbandry typical of a general degradation of farmers' resources? and has the process of depletion begun only in the last few seasons, or, on the other hand, been operative for a decade or more?

WHAT is styled a Veteran Volunteer Corps is being formed in Melbourne. The local *Argus* states:—For some time past a movement has been on foot in Melbourne for the formation of a veteran volunteer corps, and there is every promise that, so far as numbers are concerned, the object will be successfully carried out. At a meeting of intending members it was decided that the corps should consist exclusively of old soldiers who had served in the Imperial army. The names of intending members were taken, and the roll showed that 102 men had been enrolled, the list including ex-soldiers and officers of most of the British regiments of foot and horse. A deputation has been appointed to wait upon Colonel Hutton, the Commandant of the Victorian volunteer force, to ascertain what further steps should be taken in the way of forming the corps, and subsequently the Government will be asked to accept their services. The corps will require no remuneration from Government except in the shape of arms, ammunition, and clothing. An adjutant, to keep the books and perform work of a similar nature, will be the only person paid.

PERHAPS we are suffering just now from a plethora of Mr. Carlyle's vivid portraits, says the *Pall Mall Gazette*, but there is room for the following supplementary specimens from a paper in the new number of the *Century Magazine*:—

"Dr. Cooke Taylor" is announced, a snuffy, babbling, baddish fellow, whom I had not wished at all specially to see. Strange *dialect* of this man, a Youghal native, London had little altered that; immense lazy gurgling about the throat and palate regions, speech coming out at last not so much in *distinct* pieces and vocables as in *continuous* erudition, semi-masticated speech. A peculiar smile too I dwelt on the face of poor snuffy Taylor; I pitied, but could not love him—with his lazy, gurgling, semi-masticated, semi-deceitful (and self-deceiving) speech, thought, and action.

An elderly roué, "Prince or Graf something," is "a very unbeautiful old boiled-looking foreign dignitary (Swede, I think) married to somebody's sister." Dr. Murray, Theology Professor of Maynooth, is a "big burly mass of Catholic Irishman, head crop like stubble, red-skinned face, harsh grey Irish eyes; full of fiery Irish zeal too, and rage, which, however, he had the art to keep down under buttery vocables." This is the appearance of a "gentleman" who sat opposite to him at dinner:—

In white neckcloth, a lean figure of sixty; wrinkly, like a washed blacksmith in face, yet like a gentleman too—elaborately washed and dressed, yet still dirty-looking; clean dirty-face wrinkled into stereotype of smile or of stoical frown, you couldn't say which: that was one of the ancient Irishmen, who perhaps had a wife there.

THE WEATHER.

THE monsoon is reported to have burst at Colombo on the 18th instant. The burst appears to have been somewhat sudden, judging from the annexed telegram which we telegraphed from Simla.

A message dated Simla, 16th May, states:—Since the beginning of the month the barometric pressure has oscillated greatly in Northern India. On the 8th and 9th instant it attained an unusual height, and with slight oscillations has so remained. The greatest excess, hitherto in Assam and Eastern and Northern Bengal, is now transferred to the Punjab and Upper Sind, where it exceeds two-tenths above the average. To-day the pressure is nearly uniform over the whole of India, Ceylon, and Burmah. There is no appearance of the monsoon at Colombo. The snowfall on the Himalaya last cold season was slight. Much fresh snow has fallen lately, and probably is influencing the raising pressure; it may retard the advent of the monsoon. The temperature is low in Northern India, and the winds still easterly in many Punjab and North-West stations. The skies are clearer. Dust-storms have occurred at Sialkote, Roorkee, Jacobabad, and Deesa, and thunder-storms at Mercara, Neemuch, Allahabad, Ajmere, and Abu, the last two with hail.

Another despatch, dated May 17, states:—The barometer has fallen all over India, but unequally. It still ranges much above the average. The fall has been greatest along the foot of the Punjab hills, and diminishes towards Bengal and to the south; but the pressure is still relatively excessive in the Punjab. The temperature is rising rapidly in Northern India, especially in Central India, Rajputana, and at Allahabad, Benares, and Lucknow. The air is generally much drier, and westerly winds are reasserting themselves in the Gangetic plains, but are very light in the Punjab and Bengal. The air is either calm, or the winds are light and variable. The same is the case in the Central Provinces. There is less cloud in Northern India, and no rain of importance has fallen. At Colombo and Cochin the skies are overcast. A little rain is reported to have fallen at Bangalore, Belgaum, and Calicut.

ENGLISH AND PERSIAN DICTIONARY.

THIS book, which has been brought out as a companion volume to the Persian-English Dictionary by the same author, Mr. S. B. Doctor, is intended to supply a long-felt and still-growing want of students of Persian, the study of which has recently received a great impetus in this Presidency by its having been accepted as a second language in the higher University examinations. The book before us has been prepared evidently with great care. In the selection of Persian and Arabic equivalents of English terms, the author has tried to be liberal but clear. In order to keep the book within reasonable limits, and probably with a view to render it easily accessible to young students, Mr. Doctor has rejected the unwieldy words which have crept into large dictionaries, but which are needless for practical purposes. We agree with the compiler in the hope that the form and charater of the Persian typography, the fullness of the matter, the simplicity of the arrangement, and the size and price of the book will make it acceptable, not only to schools and colleges, but to students of Persian in general.

THE KAISER-I-HIND GOLD-MINING COMPANY.

THE second annual meeting of the company was held yesterday at its registered office, 8, Church-lane, Major C. H. Strutt presiding. The notice convening the meeting and the report of the last annual meeting were read. The third report of the directors for the period ending 31st March, 1882, was taken as read. It has already appeared in our columns.

It was proposed by Mr. S. S. Symons, and seconded by Mr. R. V. Reid, that the directors' report for the period ending 31st March, 1882, and the audited balance sheet for the period ending 31st December, 1881, which have been circulated among the shareholders, be taken as read, and are hereby adopted and confirmed.

Mr. John Macfarlane said he had an amendment to propose to the resolution for the adoption of the report. It seemed to him that they had not arrived at any certainty that gold would be found in sufficient quantities to pay the cost of extraction; and before they went to the expense of purchasing any machinery, they ought to be satisfied that the work would prove remunerative. The first step, Mr. Macfarlane thought, should be to ascertain the gold-bearing quality of the quartz found on the company's property; and that before doing so, it was taking a wrong course to go down very deep and push on the mining operations. The report placed before the meeting was unsatisfactory, as it only stated in general terms that the pounding and washing of some quartz had given "a fair show of gold." That statement was indefinite, and might be construed to mean anything. The money they had already spent was quite enough in the circumstances by which it ought to have gone. They did not want to discharge the hands or to suspend the works at once. He would suggest that some of the quartz be brought to Bombay and examined before they proceeded further with the mining operations. Half an ounce to the ton was the lowest percentage that would pay. It did not pay in Australia according to reports he had read in the newspapers; and if it did not pay in Australia, he thought it would not pay in Wynaad. Mr. Macfarlane then proposed as an amendment that the directors' report be not adopted and be not acted upon; that all expensive operations be forthwith suspended; that a committee of shareholders be formed to proceed to the company's work in Colar to make such investigations as they may find necessary, and to take such steps as they may deem proper, for the purpose of ascertaining the quality of the quartz with reference to its gold-bearing properties as it is found on the Company's Colar estate.

The amendment was seconded by Major Sartorius, who remarked that it was desirable to ascertain for the satisfaction of the shareholders whether there was any gold in the quartz found on the company's property.

Mr. S. S. Symons said he did not see why the directors' report should not be passed, and the resolution separated from that regarding the testing of the quartz. Mr. Symons considered that it would be better to send the quartz home for examination; and that it was necessary to carry on the mining operations to a depth of 100 feet to ascertain the real gold-bearing properties of the estate.

Mr. Macfarlane disagreed, remarking that a gold-bearing vein, if the quartz was really valuable, ought to be payable on the surface, certainly at a lesser depth than 100 feet.

Mr. A. W. Forde said it was mentioned in Mr. King's report on the operations that had taken place in Wynaad that the quartz was always poor on the surface, and that good quartz could be found at a depth, although the exact extent of the depth was not given.

Mr. Macfarlane doubted the statement, unless some authority was shown him.

The chairman stated that it appeared that the old diggings were very deep, so much so that the workmen were often flooded out. He thought it would be better to proceed to the depth as was wisely remarked by Mr. Symons; and to let the men continue their operations for a month. He (the chairman) had no objection to the quartz being brought here and tested for the satisfaction of the directors, as well as the shareholders.

Mr. Macfarlane said that if it was the feeling of the meeting that the work should go on for a month, he would withdraw his amendment; to which Major Sartorius agreed.

The chairman said the last letters received from Captain Tonkin would show that it was advisable to let the work go on, for some time at any rate. In a letter dated the 9th instant he said:—"Your letter of the 4th instant, is to hand, and I may say that I am equally as anxious as you are that further explorations should discover something of value. In reference to the prospects of the concern, I am sorry to say that they have not improved since I wrote you last. At the same time, I am of opinion that the operations should be continued with vigour for some time longer, as there are some points that are well worthy of being thoroughly tested. Your letter gives me the impression that there is a possibility of the enterprise being abandoned at a very early date, but had I been a shareholder I should certainly strongly advocate the pushing on of the operations for a few months in order to give the property an exhaustive trial, as we have not yet gone far enough to judge what the principal veins will yield in depth. As stated in former letters, I feel sure that, in the course of about three months, I shall be in a position to speak with confidence as to the future prospects of this concern, as we shall then have our main shafts deep enough to enable me to form an estimate of the value of the veins. If necessary you are quite at liberty to state that I do not look upon the veins as true fissures; but it should be remembered that that *fact does not by any means prove that they may not contain gold in paying quantities.*" Writing again on the 14th instant, Captain Tonkin said:—"I write you a few lines to inform you that our mining operations are being pressed with due regularity. I have no important changes to report, as the various points are looking much the same as when I reported them in detail on the 11th of last month. The lode on No. 2 section still presents a kindly appearance. The shaft has now attained a depth of 72 feet 6 inches, and the *size of the vein continues to be of greater width than the shaft, which is 6 feet broad.* I intend to push this sinking to a depth of from 90 to 100 feet before starting horizontal levels from the bottom of same. In the meantime, I hope that some of the other shafts will develope quartz veins of value.

The chairman said he thought that under the circumstances, it was advisable to go on for another month or two, and in the meantime have some quartz sent here for examination.

Mr. Macfarlane was of opinion that before pushing on operations they should wait to see if any of the other companies got any gold. In recommending that operations should be suspended his real object was to see whether gold-bearing veins really existed on the company's property.

Mr. Symons thought it would not be wise to suspend operations, and then wait to see if any of the other companies got quartz that would pay.

Mr. Macfarlane said that, by adopting the course he proposed, they would be saving Rs. 5,000 or Rs. 6,000 a month for working expenses; and if the other companies got gold, they could at once resume their own operations.

After some further discussion, Mr. Macfarlane withdrew his amendment; and Mr. Symons's proposition for the adoption of the report and accounts was agreed to unanimously.

Mr. Macfarlane then proposed that a committee of shareholders be formed to proceed to the company's works at Colar to make such investigation as may be found necessary, and to take such steps as they may deem proper for the purpose of ascertaining the quality of the quartz with reference to its gold-bearing properties as it is found on the company's Colar estate; and that should the report of such committee be unfavourable, all expensive operations should be forthwith suspended.

Major Sartorius seconded the proposition.

Mr. Forbes thereupon proposed as an amendment, which was seconded by the chairman, that Mr. Macfarlane be requested to join the board of directors with the view of concerting measures with them to obtain a reliable test of the gold-bearing quality of the quartz on the company's property, and that the directors be empowered, if they should think fit, to appoint a committee to inspect the company's property and report on the present prospects thereof. If the committee's report is unfavourable, that it be at once submitted to a general meeting.

Mr. Forbes said he was quite sure that, if Mr. Macfarlane joined the board, they could concert measures and form a committee, or take such other steps as might be deemed advisable, thereby preventing much valuable time being wasted.

Mr. Macfarlane said he had no wish to be in the opposition, his real object being the general good of the shareholders. He would join the board, on the condition that they were to stop all expenses if it was thought necessary to do so.

Mr. Forbes pointed out that it would be necessary to submit the committee's report to a general meeting of shareholders, and that the committee could not stop the works at once without consulting the wishes of the shareholders.

Mr. Forbes's amendment was put to the vote and carried *nem. con.* Mr. Macfarlane withdrew his proposition with the consent of Major Sartorius.

The undejoined resolutions were then carried unanimously:—

Proposed by Mr. A. W. Forde, and seconded by Mr. Cumulsey Premjee, that Mr. Trimbak Ramchunder Telang be and is hereby elected a director of the company in place of Mr. E. B. Carroll, who retires from the board by rotation, in accordance with clause 77; that Mr. R. V. Reid be and is hereby re-elected a director of the company; and that Mr. John Macfarlane be and is hereby elected a director of the company.

Proposed by Mr. E. Cabral, and seconded by Dr. Thorpe, that the number of directors of the company be and is hereby fixed at five.

Proposed by Mr. R. V. Reid, and seconded by Major Sartorius, that Major C. H. Strutt be and is hereby elected chairman of the company and of the board of directors for the ensuing year.

Proposed by Mr. A. W. Forde, and seconded by Mr. McLaggan, that Messrs. James Greenwood and Cooverjee Rustomjee Mody be and are hereby appointed auditors of the company at the remuneration of Rs. 100 each for the ensuing year.

The proceedings terminated with a vote of thanks to the chairman.

TREACHER AND COMPANY, LIMITED.

THE eighteenth ordinary general meeting of shareholders was held yesterday in the Fort premises, Mr. W. Prescot presiding. The report of the directors for the year ending 31st March, 1882, has already appeared in these columns.

The chairman said that it must have struck a great many of the shareholders, as it had really struck him, that considering the prosperous state of the company and the large dividend which they were going to declare, the report was somewhat unnecessarily apologetic. The reason of such a tone in the report was that some time ago he received two letters from England, one from Mr. Colclough, their London agent, and another from a director of the company. The letters had been addressed to the chairman personally, expressing the greatest alarm at the state of the company, and entreating him to make a firm stand, and tell the shareholders that they should not expect, now or hereafter, a dividend of more than 16 per cent. The position of both these gentlemen,—and especially of Mr. Colclough, who may well be termed the knowledge of the business working of the company,—as well as their influence with a large number of shareholders, made it impossible to pass over their letters without serious consideration. After the most careful examination were received, the directors most carefully examined the accounts of the company, and so far as they could see, there was not a single circumstance which should cause the slightest uneasiness, the whole account being thoroughly sound. The only items which might appear doubtful to an outsider were the stock-in-trade and outstanding debts. As to the former item, it should not cause any alarm. On looking to the accounts for the year 1875, they found that they had then a stock of Rs. 3,72,000 against a business of Rs. 7,25,000. This year they had only a stock of Rs. 4,41,000, whereas the business done during the period came to Rs. 16,61,000. The chairman thought the figures were conclusive in showing that there was no accumulation of old and unsaleable stock, and he therefore assured the shareholders that this item might be considered perfectly safe. No doubt there was an increase in the outstandings. But as their business had increased in a few years from Rs. 7,25,000 to more than Rs. 16,00,000, it was impossible that the case should be otherwise. As had been remarked in the report, some of the old outstandings could be considered even doubtful. The shareholders would see that they had recovered large amounts out of the bad debts written off each year. The only other matter which appeared to have alarmed the nervous gentlemen in England was that the management had been compelled to overdraw their account at the National Bank during the past year. The chairman remarked that the accommodation, which was the best arrangement they could make in the interests of the company, had cost Rs. 3,000, which was undoubtedly an insignificant amount. Furthermore, he was glad to tell the shareholders that the whole of the Rs. 92,000 expended on the alterations and additions made to the company's premises during the past year had been paid off. It might, perhaps, strike the shareholders that a dividend of 15 per cent. was too small. The reason of declaring that dividend was that the directors felt that some consideration should be given to the wishes of a very large body of shareholders in England. Also it was very much better to keep on the safe side by not declaring a large dividend. The chairman then proposed that the report and accounts of the directors be approved and adopted.

This was seconded by Mr. Tribhowandas Nathoobhoy, and carried unanimously.

The following resolutions were also put and carried unanimously:—

It was proposed by Mr. Shapoorjee Jeewajee, and seconded by Mr. W. Richardson, that a dividend of 15 per cent. for the past year be paid on and after the 3rd June to the shareholders on the register at this date.

It was proposed by Mr. W. T. Brown, and seconded by Mr. J. T. Lindsley, that Mr. C. W. Prescot be re-elected a director of the company.

It was proposed by Mr. G. P. Robinson, and seconded by Mr. Alfred King, that Mr. T. E. Ormiston be elected a director of the company.

It was proposed by Mr. J. F. Hutchinson, and seconded by Mr. Henessey, that Mr. James Greenwood and Mr. F. D. Stranack be elected auditors for the ensuing year at a remuneration of Rs. 350 each.

Mr. W. Richardson proposed that a bonus of Rs. 3,000 be distributed among the European assistants of the shops, as had been done last year.

Mr. Shapoorjee Jeewajee.—Why such a distinction, Mr. Chairman, between Europeans and natives? I suppose you have been distributing the bonus without distinction?

The chairman said the practice was to distribute the bonus to the superior assistants, among them being a few of the native employes of the company.

Mr. Richardson said he had no objection to propose "that a bonus of Rs. 3,000 be distributed among the employes of the company in such manner as the manager shall recommend and the directors sanction." Carried unanimously.

A vote of thanks to the chairman concluded the proceedings.

Holloway's Pills.—At the change of seasons many persons feel oppressed without knowing why they are so—they cannot detect the defective organ. A few doses of these powerfully purifying and eminently cooling pills will set all to rights, by every part of the system. They will cut off all impurities lurking in the frame, and will thoroughly expel the last traces of disorder, however hidden the disease may be—however obscure its cause. With Holloway's medicine relief is insured without risk; erroneous action is rectified without disturbing natural regularity, health is reinstated, and with it return the cheerful feelings which unmistakably tell the recent invalid that all within is right again.

PASSENGERS BY THE HOMEWARD MAIL.

THE P. and O. Co.'s s. s. Khiva, Captain G. Scrivener, will sail to-day for Aden and Suez with the English mails and the following passengers:—

FOR LONDON.

Mr. W. H. Newnham. Major Kentist.
Capt. Elliott. Mr. L. R. Barfield.
Mrs. Cooper, child, and two infants. Mr. and Mrs. Dean-Pitt.
Lieut. F. J. Tobin.
Mr. and Mrs Middleton and three children. Dr. and Mrs. Willcocks and child.
Dr. Forbes Watson. Mrs. Harkins, two children, and two infants.
Capt. W. O. Smith, R. A.
Mr. William Wilson.

FOR BRINDISI.

Mr. Donald Bain. Dr. Hojel.
Mr. R. B. Sedgwick. Mr. J. F. Price.
Mr. R. D. Bayley. Mr. H. L. Hebbers.
Col. Hancock. Mr. C. J. Griffin.
Mr. H. J. H. Tassons. Major M. M. Carpendale.
Miss Pigott.

FOR VENICE.

Mr. F. Woodroffe. Mr. Newson.
Mr. J. B. Pelle. Mr. Petty.
Mr. and Mrs. A. Hay. Mr. Phillip Carter.
Mr. G. P. Robinson.

FOR SUEZ.

Col. Waterfield. Mr. W. Zaritzky.

For Aden.—Capt. T. C. Hood.

The following passages have been engaged by the s. s. Indus, Captain S. D. Shellard, 26th May.

FOR LONDON.

Mr. and Mrs. Spencer. Mrs. and Miss Cole.
Mr. T. D. Littleton. Mr. Cole.
Dr. and Mrs. J. F. Barter and child. Lt.-Col. W. B. Colvin.
Mr. Edward Comber.
Mrs. Broughton. Mr. F. S. Hollis.
Mr. and Mrs. W. E. Carbery and child. Mr. and Mrs. Mustapha Mr. Z. Belcher.
Mrs. Erskine and 2 children. Mr. and Mrs. P. F. Belcher.
Two ladies. Mr. Z. Belcher.
Mrs. Morse.

FOR BRINDISI.

Major A. Filgate, R.E. Mr. Thomas Rowley Booth.
Surg.-Major Saunders. A gentleman.
Mr. R. H. Baker. Col. A Stewart.
Mr. T. M. and Miss Gibbon. Mr. and Mrs. Hewson.
Capt. F. W. Joseph. Major W. Scott.

FOR VENICE.

Mr. and Mrs. Steward. Mr. and Mrs. J. K. Bythell.
Col. and Mrs. Wardrop and child. Mr. and Mrs. H. Rivett-Carnac.

The s. s. Bokhara, Captain J. Reeves, 30th May.

FOR BRINDISI.

Mr. and Mrs. J. Dawson. Mr. W. Macdonald.
Mr. W. Mulock. Major Higginson.
Mr. J. M. Macdonald. Mr. Alfred Penny.
For London.—Mr. Harry John.
For Suez.—Major the Hon. W. J. Stewart.

The s. s. Rohilla, Captain W. Barratt, 6th June.

FOR LONDON.

Rear-Admiral W. Gore-Jones. Mr. G. Chalmers.
Capt. R. D. King. Mr. and Mrs. Clement West and infant.
Mr. F. A. Carter. Mr. A. B. Leslie. Mr. C. Tubbs.
Mr. E. T. Dixon. Mr. F. W. Davis.

FOR BRINDISI.

Mr. W. H. Cole. Major C. Covey.
A gentleman.

The s. s. Verona, Captain E. Ashdown, 20th June.

For Aden.—Lt. G. R. Tod.

BOMBAY.

TO-DAY.

Town Council,

SALES BY AUCTION.

SADANUND SHRICRISTNAJEE & CO.

WEEKLY SALE.

On TUESDAY, the 23rd instant, Messrs. S. SHRICRISTNAJEE and Co. will sell by Public Auction, at their auction room, at 1 p. m.—

10 bales grey shirtings.
2 " " T. cloth.
4 cases white ground prints.
2 cases glasswares.

On account and at the risk of the indentor, Rahimtoolla Talub—

$ 13—1 case 120 dozen soap.
$ 6-7-2 " 287 " "
$ 10-12-3 " 282 " "
$ 2-5-3 " soap.
$ 5-9-2 " "
$ 1—1 " perfumery.
$ 2—1 " assorted soap.

SADANUND SHRICRISTNAJEE & CO
Bombay, 19th May, 1882.

MEHRJEE, JOHNSTON & CO.

SALE OF LANDED PROPERTY AT NANABHOY LANE, FORT.

On FRIDAY, the 26th day of May, 1882, at 4 p.m., Messrs. MEHRJEE, JOHNSTON & Co. will sell by Public Auction on the premises, by order of the equitable mortgagees, Messrs. Muljee and Romanjee, and by and with the consent and on account and risk of the mortgagor, Mr. Eduljee Nusserwanjee Colabawalla, the following landed property, viz.—

All that piece or parcel of land or ground, with the messuage, tenement or dwelling house standing thereon, situate at Nanabhoy's Lane, Fort, fronting on the east side thereof in the registration sub-district of Fort, in the Island of Bombay, assessed by the Collector of Municipal Taxes under No. 26, containing by admeasurement 45 feet in length, 12 feet in breadth or thereabouts, lately and at present in the occupation of tenants, bounded on the east by a sweeper's passage, on the west partly by the said Nanabhoy's lane and partly by the house of Shapoorjee Sorabjee Cooper, on the north by vacant ground of Hormusjee Romanjee, and on the south by the house of Burjorjee Ruttonjee Cooper.

For further particulars and conditions of sale apply at the offices of Messrs. Muljee and Romanjee, solicitors, at No. 2, Hornby-street, Fort, or to the undersigned.

MEHRJEE, JOHNSTON & Co.
Bombay, 19th May, 1882.

CRAWFORD AND COMPANY,
2, MARINE-STREET, BOMBAY.

BYCULLA TIMBER WORKS.
SALE OF TEAK SCANTLINGS.

TO-MORROW, SATURDAY, the 20th inst., at 4 p. m., Messrs. CRAWFORD & Co. are instructed by Mr. McKenzie to sell by public auction:

A quantity of mill-sawn timber of various sizes suitable for many varieties of works.
In lots to suit purchasers.

SALE OF DAVISON'S WEST HARTLEY COALS.

On MONDAY, the 22nd instant, at 3 p.m., Messrs. CRAWFORD & Co. will sell by Public Auction at their rooms, on account and at the risk of Narron Jevat—
ex Lord Eslington
1,175 tons Davison's West Hartley coals, lying at Malet-bunder.

A deposit of 25 per cent. will be required at the time of sale.

JEFFREY'S WELL-KNOWN EDINBURGH PALE ALE.
FIFTY CASKS QUARTS JUST RECEIVED PER s. s. INDIA.

Under instructions from Messrs. C. Macdonald & Co. the undersigned will sell by public auction at their rooms on MONDAY, the 22nd instant, at 3 p.m., the above consignment in prime condition.
In lots to suit purchasers.

On MONDAY, the 22nd instant, sale commencing at 1 p.m., Messrs. CRAWFORD & Co. are instructed to sell by Public Auction at Clare Road, Byculla, the valuable and handsome richly carved and plain blackwood household furniture, best plated ware, rich crockery and glassware handsome chandeliers by Nash, 1, 2, and 4 lights hanging argand lamps, single light wall argand lamps, Brussels and velvet pile carpets, rich table ornaments and flower vases, &c., the property of Mrs. M. S. Moses. KEATING'S INSECT POWDER.

BUGS, FLEAS, MOTHS, BEETLES, and all other Insects are Destroyed by KEATING'S INSECT POWDER, which is quite harmless to Domestic Animals. In exterminating Beetles the success of this Powder is extraordinary, and no one can need be troubled by them. It is perfectly clean in application. Ask for, and take no other than "KEATING'S POWDER," as imitations are noxious, and fail in giving satisfaction. Sold by all Chemists in small bottles.

SECRETARIES, TREASURERS & AGENTS:
Messrs. JAMES SCOTT & Co.

OFFICE:
6, Rampart Row.

THIS Company has been formed to purchase and take over the Cotton Spinning Works, Properties, and Machinery, now in course of erection at Chinchpoogly, on the Island of Bombay, and belonging to Messrs. James Scott & Co., Merchants, 6, Rampart Row, an agreement made between Messrs. James Scott & Co., the vendors on the one part and on behalf of the Company of the other part, dated the 3rd of April, 1882. Copies of the abovementioned Agreement and of the Memorandum and Articles of Association can be seen at the offices of the Solicitors in Bombay, and all other information required by intending Subscribers can be obtained at the offices of the Agents, 6, Rampart Row.

The Directors have resolved to spin the lower numbers of yarns, from the cheapest class of cotton, mixed with the better class of waste, which other Companies cannot use for the finer counts. Taking into consideration the low price of the raw material, coupled with a great saving in labour, a very handsome profit is expected.

The position of this Company is entirely exceptional, as the Agents only get 10 per cent. upon the net profits declared. 500 shares have already been subscribed, the other half (250) is offered to the public.

SNOW-VIEW
TEA GARDEN
PALAMPUR P. O.
KANGRA VALLEY.

THE Proprietors of the Snow-View Tea Garden have determined to offer their Teas to the public direct from the Factory, thereby assuring to their constituents an unadulterated and UNMIXED article, and eliminating from the price of the Tea the Middleman's profits, which range from 40 to 100 per cent. They offer their produce at ORDINARY FACTORY QUOTATIONS for CASH WITH ORDER only.

They guarantee their Teas to be equal in manufacture to the best marks in the Kangra Valley.

For Rs. 3nett they will send by V. P. P. Post BEARING a 1-lb. packet each of Orange Pekoe, Pekoe and Pekoe-Souchong, and so enable any purchaser to judge of the quality of the Tea without committing himself by making a large purchase.

The Postal charges average less than 8 as. per lb.

The Tea can be packed in 1, 5, 10, 20, 40, and 80-lb. packages. No extra charge for packing.

SNOW-VIEW TEA GARDEN,
PALAMPUR, KANGRA VALLEY, PUNJAB.

"ROYAL CHARTER."

REFERRING to the QUEEN'S LAST BALL, "Truth" says:—

The supper is always most admirable at the Palace, and the Wines unexceptionable notably the DRY CHAMPAGNE. In this respect the Queen sets an example which might very well be followed at other fashionable entertainments, at most of which the guests are ruthlessly poisoned with the cheapest abominations that can be bought.

The above refers to WACHTER'S ROYAL CHARTER.

The price is no higher than for other first-class Brands.

SOLE AGENTS IN INDIA,

THOUSANDS OF TESTIMONIALS FROM ALL PARTS.

CURE OF RHEUMATISM AND SCORBUTIC ERUPTION.

The Elms, North Cheam Surrey, S., 4th March 1875.
"SIR,—I had been suffering from rheumatism for several years, together with scorbutic eruption of the skin, of a local nature, about the size of the palm of the hand, and was induced to try your Blood Mixture in consequence of two gentlemen in my neighbourhood having been cured of obstinate sores on the body. After taking two bottles I became much better, and continued it up to the tenth bottle, when I found the rheumatism had left me, and my arm was healed. I consider it a most valuable medicine.
"You are at liberty to use this letter in any way you think proper, for the benefit of others.
"Faithfully yours
"THOMAS WATTS."

Sold in Bottles 2s. 6d. each, and in Cases containing six times the quantity, 11s. each—sufficient to effect a permanent cure in the great majority of long standing cases, by ALL CHEMISTS and PATENT MEDICINE VENDORS throughout the world.

UNIVERSAL LIFE ASSURANCE SOCIETY, BOMBAY.
ESTABLISHED 1834.
HEAD OFFICE,
1, King William-street, London, E.C.

INSURANCES effected for WHOLE TERM OF LIFE OR SHORT PERIODS, with or without participation in Profits, and on the LIMITED PAYMENT SYSTEM.

Participating Policies which have been six years in force receive a LIBERAL BONUS, equal for the past 18 years to a reduction of 50 PER CENT. on the premium.

For particulars of rates and proposal papers, apply to
KING, KING & Co.,
Agents & Secretaries.
Bombay, Feb. 1, 1882.

STANDARD POLICIES.

WHEN an Indian Policyholder of the Standard Life Office retires to England his Policy at once ranks as an English Sterling Policy at par of Exchange, and each Rs. 1,000 assured is treated as £100 Sterling—without application to the Directors or other forms. This applies to Bonuses declared in Rupees in India as well as to Sums Assured; and is quite independent of the fact whether all previous premiums have been paid in India or not. The premium is at the same time reduced to the English rate at the age at which the Assurance was originally effected—irrespective of health.

THOMAS LANG,
April, 1882. Secretary, Bombay branch.

STANDARD LIFE OFFICE.
INVESTED FUNDS—Five millions and a-half sterling.
REVENUE—Eight hundred thousand pounds sterling.

NOTICE.
WASTE LANDS AVAILABLE FOR PLANTERS IN THE TAVOY DISTRICT.

WASTE LANDS, covered at present with forest, bamboos, or grass, are available for plantations of coffee, cinchona, or spices, at altitudes varying from 100 feet to 6,809 feet above the sea in the Tavoy district. This region is between the 13th and 14th degrees of north latitude, and the rainfall ranges from 190 to 220 inches a year. The lands are mostly within 30 to 50 miles of the steamer station of Thayetchoung on the Tavoy river. Mail steamers ply between Thayetchoung and Moulmein or Rangoon once a week inwards and outwards.

II.—Grants of land in lots ranging from 100 to 1,200 acres can be had for planting tea, coffee, cinchona, or spices on application to the Deputy Commissioner of Tavoy. Such grants will be made in accordance with the "Burma Land and Revenue Act, 1876," and with the rules sanctioned thereunder by the Governor-General of India in Council. Copies of the Act and rules can be obtained by intending planters on application to the Deputy Commissioner of Tav
